Fast learner and trained in all stages of the development cycle. Have a passion for learning and trying out new things, and spend most of my free time improving development and design skills to push projects to the next level. Looking for *a junior web developer position*, so as to make full use of my programming skills, design knowledge and passion for web development

Core - Qualifications

- ◆ Ability to adapt to working as part of a development team and build positive working relationships, often demonstrated through my active engagement with classmates either through a group project or through the mentoring of struggling students
- ◆ Quick learner and having read books and watched online courses on my own to expand my web developer skills.
- ◆ Manage time wisely and multiple tasks while meeting deadlines

Experience

- | | |
|---------------------|---|
| 2015-02-
2018-08 | Marketer / Designer and Senior Martial Arts Instructor
